

Plateforme TXM - Feature # 3454

Statut:	New	Priorité:	Normal
Auteur:	Matthieu Decorde	Catégorie:	Update
Créé :	13/10/2023	Assigné à:	
Mis-à-jour :	13/10/2023	Echéance:	
Sujet:	Update, simplify the update procedure and present changes before starting the update		
Description			
In the current update procedure:			
- there is no presentation of the changes - the interface is developer oriented and not user firendly			
The procedure should be:			
1- check for updates			
2a- No update > "No update available" is shown END			
2b Updates > Open the update content description window			
3a the user clicks on the "Install update" button > the updates are installed and TXM restarts			
3b the user clicks on the "Cancel" button -> the update description windows is closed.
